Dear Pulse Communications Client Prospects:

As HRS commences a 25th year, I can emphatically say we've never valued and trusted a communications partner to the extent we've learned to trust and value Mr. DJ Mather of Pulse Communications!

DJ's integrity, timeliness, quality, cost consciousness and customer service champion commitment exceeded our expectations and earned our loyalty! Trusting DJ has freed our time to focus upon our business operations. We spent more than 20 years "hounding" various communications partners who failed to deliver as promised, and it's a pleasure and a privilege to be relieved of that need. DJ has raised the bar for service!

I have further come to trust DJ's referral of related and non-related vendors and partners, understanding he shares a common strong work ethic and determination to build relationships and succeed long term.

I will happily discuss the specifics of our positive experiences working with Mr. DJ Mather and Pulse Communications!

Very Best Regards!
